Note: The lists shows Club members cars from 1904 to 1940, plus details of some other early cars which may previously have been owned by Club members.

The listing of a car does not confirm legal ownership, but that the member under whom it is listed is the probable custodian of the car.

Cars appearing under more than one name indicates multiple keepers or users and probable shared ownership.

To ensure that the information remains accurate, please advise to the Secretary any mistakes, omissions, alterations, plus details of all cars bought or sold.

Note: Details in this Member List are for the exclusive use of members of The 20-Ghost Club.

Although the Club endeavours to publish accurate information regarding car dates and body styles and originality status, neither the Club nor its officers cannot be held responsible for any loss or damage caused by acting upon such information.

Copyright © 2003 The 20-Ghost Club

The 20-Ghost Club was inaugurated in 1949 by a group of owners of vintage Rolls-Royce cars. The name of the Club was taken from the cars which these founders owned, the legendary 40/50 horsepower Silver Ghost and its smaller counterpart, the 20 horsepower model.

The Club activities still revolve around the early cars including Silver Ghosts, 20 hp and Phantoms as well as models such as 20/25s, 25/30s and Wraiths, as eligibility for membership extends to owners of all pre-1940 Rolls-Royce motor cars.

With a membership which is now drawn from many countries, the Club consists of people who enjoy driving and sharing enthusiasm for the earlier models of 'The Best Car in the World'.

Numerous meetings and events take place within the British Isles, where many members reside, including private visits to stately homes not open to the public. or in Australia, particularly in New South Wales and Victoria, through the local chapter of the Club, but the 20-Ghost Club is also distinguished by its elegant overseas tours, as the emphasis is always on using the cars.

Since 1962 the Club has been running overseas tours, initially to Monte Carlo where members were entertained by the Prince and Princess of Monaco. Other years have seen visits to various European countries including France, Germany, Switzerland, Spain, Portugal, Denmark, Norway, Austria and Hungary. In 1978 the Club travelled via Sweden and Finland and became the first car club ever to visit Russia.

The Club also embarks on longer and more adventurous trips. On the maiden voyage of the QE2 in 1969 and again in 1989, members of the Club took their cars on the ship to New York and toured in the eastern United States; in 1979 the Club took twelve cars on a tour of Japan. In 1992 and twice since, there were tours in New Zealand.

In 1993 the Club had a major involvement in Alpine 93; nearly 50 Silver Ghosts travelled the original route of the 1913 Austrian Alpenfahrt to great local acclaim, particularly in Slovenia and Croatia, where they were the first foreign old cars to visit these new European states.

In 1994 the Club toured Ireland and the Scottish Islands. The Club toured again in Norway in 1998, the north of Spain in 1999 and Champagne & Alsace in 2000 to commemorate the 90th Anniversary of Charles Rolls Channel Flight and later that year another Scottish tour. In 2001 there was a tour of Picardie in northern France, to visit the Battlefields of the Great War.

In 2002 the Club visited the new Rolls-Royce factory near Chichester with their cars, the first Club invited to this major new location where future Rolls-Royce cars will be produced.

20-Ghost Club events are mainly non-competitive and for touring purposes, but a number of elegant and historic trophies are awarded annually by the Club. Various trophies are awarded at the annual concours, also for driving tests and for photographs published in the Record, the Club magazine which keeps members in touch and contains photographs and reports on the Club tours and activities, together with various historical photographs and other articles relevant to our cars.

Cover picture: The four Rolls-Royce cars at Vienna for the weighing in on Saturday 21 June 1913. Many of the team appear in the picture including Jock Sinclair behind the wheel of R-1492. Ernest Hives behind the wheel of R-1705 with Georgie Hancock his mechanic alongside. Parsons appears to be climbing into R-1706 whilst Austrian Rolls-Royce agent Friese looks on. James Radley, in R-827 has some colourful greeting for the unknown tyre kicker in front of his car. Both Hives & Radley were members of the 20-Ghost Club in the 1950s, during its early existence. ## Chassis Cross-Reference

This section lists all the cars in sequence by model and chassis series.

Use this section to find cars similar to your own. Each car is listed under eight categories from the database. If your listing is incomplete, please supply the missing information in time for the next register.

1. Year. This is deemed to be based on the date from the chassis cards when the car was on test at Rolls-Royce and is often earlier than the date of first registration.
2. Model. The list follows the standard pattern of early cars, followed by large horsepower cars, followed by smaller horsepower cars.
3. Chassis Number. All cars are identified by this number. The cars are sequenced according to the common portion of the chassis number. Thus for Silver Ghosts, for instance, all numeric chassis numbers come first, followed by CA (the first series), then the subsequent series NA, MA, AB, EB, RB, PB, YB, UB, LB and so on in their turn. The computer adds extra zeros to the numeric portion so that chassis number NN9 sorts ahead of number NN100, etc.
4. Engine number. Usually stamped on the engine. On very early cars this was sometimes not done. An asterisk denotes that the current engine was not the original engine fitted to this chassis.

5. Registration number. This is the current number on the car. See the later section where cars are listed in registration number sequence for easier identification of cars from photographs or on events.

6. Coachwork details. This is a summary of information from the database. A coachbuilders name first signifies that our records show this to be an original body (in whole or in part) on this car. A date after the body style shows the date of the body, if it was not the first body on this car. The body style which follows, shows standard nomenclature such as cabriolet, limousine, tourer, etc., preceded where necessary by a prefix such as fixed head, sports, torpedo, etc. The description should follow that used by the original coachbuilder. Note that a coachbuilder name after the body description indicates that the coachwork is replica, even if a copy of the original. The build date then follows.

7. Car colours. The database contains two main colour descriptors such as blue, brown, green, red etc., plus a secondary descriptor for each, such as light, dark, etc. The first colour is the main colour of the car; the second colour could be the minor colour of a two tone car, the mudguard colour, etc.

8. Name. This shows the owner, user or keeper name. Full details can be located in the Members & Cars section.

## Registration Number Cross-Reference

This list enables a car to be identified from registration numbers on cars seen or from photographs which show the registration number. The four fields shown in this list are registration number, chassis number, car type and current (or last known) owner, user or keeper. If a car appears more than once under the same number, this indicates multiple owners, users or keepers. Note that if a registration number has not been supplied, then a car will not appear on this list. A car may appear under different numbers if more than one number has been in use on the car. The list also includes some cars not currently owned by Club members. Usually no name or the last known keeper is shown for these cars.

For some cars, mainly from Australia, the registration number is shown in parenthesis. This indicates that the car currently runs on a 'Licence to Move' plate rather than a full licence.

To find a car from the registration number it is necessary to know how the number is interpreted by the computer. Where numbers precede any letters, the computer assumes a six digit number for sorting purposes. This ensures that, for instance, the number 9 (000009), appears in sequence ahead of number 100 (000100) which would not otherwise be the case. The remaining characters, even if including further numerics, are sorted as an additional field. When characters precede numbers, these are sorted first and the subsequent numbers are assumed to be a six digit number for sorting purposes. Hyphens or brackets are ignored when sorting.

If your car, or any other car for which you know the number, does not appear on this list, or is incorrect, please send in the details.

SILVER GHOST ENGINE NUMBERS. No separate engine number was shown for early cars. By late 1909 an engine number appeared on the engine build sheet. Initially this was a two or three digit number which was frequently duplicated. From 1911 onwards, the number was stamped on the engine mountings on each side of the motor and a letter was often added to this number but no particular sequence was used. From 1913 when the lettered chassis series were introduced, the engines were also produced in series starting with A (1913), B, C, D, E (1914), F, G (1915), to H (1916). These engine series were not shown on the actual engines. Improvements to the cars from then on were mainly linked to a change in the engine series which usually did not coincide with a change in the chassis series. In 1919, the chassis number letters appeared in some engine numbers but soon a definite system emerged which was stamped on the engine - a one, two or three digit number followed by a letter which represented the Derby series from J (1919), K, L, M and N (1920), O (1921), P (1922), R (1923), S (1924), T (1924) to U series at the end of Derby Silver Ghost production in 1925.

## PHANTOM I

Number produced: 2258

Original Specification: 6 cylinders, overhead valves, 4.25x5.5, 7668cc (43.3hp), single plate clutch, 4 speeds, dual ignition with magneto and coil, 4 wheel brakes with servo plus independent hand brake, suspension semi-elliptic front and cantilever rear, wheelbase 144" or 150.5", chassis weight without spare wheel or lamps 3996lbs., tyres 33x5 straight sided, price £1850 or £1900 for long chassis.

SPRINGFIELD ENGINE NUMBERS. Until 1923, engine numbers were coded to show year of production followed by sequence within year. For example, 22-76 is engine 76, made in 1922. Starting during 1923, engine numbers were coded to show year of production and chassis number. The first and last digit combined to indicate the year, thus 21105 was built in 1925. The second digit was a serial digit and the third and fourth digits were matched to the last two figures in the chassis number: engine 21105 was fitted to chassis S210ML.

# Rules of the 20-Ghost Club

1. The name of the Club is 'The 20-Ghost Club'.
  2. The purpose of the Club is to encourage the restoration, maintenance and use by its members of pre-1945 Rolls-Royce cars in their original condition, or as close thereto as modern materials and equipment allow.
  3. Members of the Club shall consist of:
    - (a) Ordinary Members, being owners of cars defined in Rule 2, their wives, husbands and children over 17 years, being resident with such owners.
    - (b) Honorary Members, elected in accordance with Rule 5 below.
    - (c) Associate Members, being persons who are not owners of cars as defined in Rule 2, who in special circumstances and at the discretion of the Committee may be invited and elected as such. No Associate Members may vote at an Annual General Meeting or other Meeting of the Club and may not be a Member of the Committee.
- Any Member who owned a Rolls-Royce car as defined in Rule 2 when elected to the Club shall notify the Honorary Secretary if and when he or she ceases to own such a car and shall cease to be an Ordinary Member of the Club and shall become an Associate Member of the Club.
4. Nomination of prospective Members for Membership may be made to the Committee by any Ordinary Member in good standing for ratification by the Committee.
  5. The Committee may elect Honorary Members. The Honorary Secretary shall invite a person elected as an Honorary Member to become a Member of the Club and upon his intimating his willingness to take up his Membership he shall become an Honorary Member of the Club and shall be supplied with a copy of these Rules. An Honorary Member shall pay no annual subscription. No Honorary Member shall vote at the Annual General or other Meeting of the Club and shall not be qualified to serve on the Committee.
  6. The annual subscription of other than Honorary Members shall be payable on the 1st January in each year. The subscriptions for members other than Honorary Members shall be such sum as shall, from time to time, be decided at the Annual General Meeting.
  7. A Member whose subscription is not paid by the 1st March in any year shall be notified thereof by letter and in the event of non-payment by the 1st day of April in the same year his subscription shall be deemed to be in arrear and he shall cease to be entitled to enjoy any of the privileges or take part in any of the events of the Club as long as his subscription shall remain in arrear. If his subscription be not paid by the 30th day of April in the same year he shall cease to be a member of the Club but the Committee may at any time re-admit him to membership upon his giving a satisfactory explanation and paying all arrears of subscriptions then due.
  8. A Member may retire from Membership at any time by giving to the Honorary Secretary notice thereof in writing. Any member retiring without having paid his subscription for the then current year shall be liable for the same.
  9. Every Member on joining the Club impliedly undertakes to comply with these Rules and any refusal or neglect to do so and any conduct which is in the opinion of the Committee unworthy of a Member shall render such Member liable to expulsion by a Resolution of the Committee, provided that at least one month before the meeting of the Committee at which his case is to be considered, he shall have notice thereof and of the intended Resolution for his expulsion and he shall, before the passing of such Resolution have an opportunity of giving in writing any explanation or defence he may think fit. A Member expelled under this Rule shall forfeit all rights in and claim upon the Club and its property. No member expelled under this Rule shall be entitled to any reason or explanation whatever from the Honorary Secretary or the Committee for his expulsion. A notice of this Rule shall be held to have been duly delivered if sent by prepaid post to the address of the Member appearing in the Club's books.
  10. Members may introduce persons to the functions of the Club as guests subject to such restrictions and regulations as the Committee may make. The Member introducing a guest shall be responsible for all liabilities incurred by him or on his behalf.
  11. There shall be a Committee consisting of the President, Chairman, Honorary Secretary, Honorary Treasurer and not more than six other Members. New or retiring Members of the Committee shall be elected at the Annual General Meeting in each year. A President without prejudice to the provision of Rule 5 may be an Honorary Member.
  12. Meetings of the Committee may be convened by the Honorary Secretary or any two Committee Members. Five Committee Members or a simple majority of the Committee, whichever is the lower, shall constitute a quorum. If votes be equal the Chairman shall have the casting vote.
  13. The Committee shall manage the affairs of the Club in accordance with the Rules of the Club and shall define the duties of the several officers, who shall in all respects be subject to the control of the Committee. The Committee shall immediately after the Annual General Meeting elect a Chairman. The Chairman shall be Chairman of the Committee and of all General and other Meetings of the Members down to and including the next Annual General Meeting after his election. A chairman may serve for a maximum period of four years.
  14. The Committee may from time to time make, alter and repeal by-laws generally for the good conduct of the affairs of the Club. Such by-laws shall, provided they are not inconsistent with the Rules of the Club for the time being, be binding on all Members and be construed as part of the Rules of the Club until they are rescinded or varied by the Committee.
  15. The Committee may appoint Sub-Committees for any purpose it may deem fit and may appoint any persons to service on such Sub-Committees whether or not they are Members of the Club.
  16. The officers of the Club shall consist of an Honorary Secretary and an Honorary Treasurer. The Officers shall be elected at each Annual General Meeting and shall hold office until the next succeeding Annual General Meeting, when they shall retire but shall be eligible for re-election.
  17. The President, and up to four Senior Members of the Committee who have served 2 years, shall retire each year. Any person so retiring may offer himself for re-election at the Annual General Meeting prior to which he retires.
  18. In the case of any casual vacancy in the Committee or in the office of Honorary Secretary or Honorary Treasurer, as the case may be, the Committee may appoint one of themselves or some other member of the Club to act as Honorary Secretary or Honorary Treasurer or on the Committee as the case may be until the next Annual General Meeting.
  19. The Honorary Secretary shall keep such register of Members, Minutes of proceedings of the Committee and of General Meetings and other records of the Club, and the Honorary Treasurer shall keep such books of accounts as the Committee may from time to time direct.
  20. An Annual General Meeting shall be held on the day in the month each year to be determined by the Committee but not later than 18 months after the previous AGM. The business at such Meeting shall be the election of the Officers and Committee and the passing of the accounts and any other business. Notice of a proposal to elect a President or Member of the Committee otherwise than the re-election of a retiring President or Member of the Committee shall be in writing and shall be sent to reach the Honorary Secretary twenty-one days before such Meeting.
  21. The Committee may at any time and shall on the requisition of any twenty Ordinary Members stating the business for which it is required, convene an Extraordinary General Meeting for any specific purpose.
  22. The Honorary Secretary shall at least twenty-eight days before any General Meeting send to every Member at his address in the Club Books a notice of such Meeting, stating the time when and the place where it will be held and the business which will be brought before it. No business other than business of a formal nature shall be brought forward at any Meeting unless written notice thereof specifying the nature of such business shall have been given to the Honorary Secretary twenty-one days before the date of such meeting.
  23. At all General Meetings every question shall be decided by a majority of votes. Every Ordinary Member present at an Annual General or other General Meeting shall have one vote and in case of equality of votes, the Chairman shall have a second or casting vote. The quorum at any General Meeting shall be twelve Ordinary Members present in person and no absent Ordinary Member shall be entitled to vote by proxy or any form of representation.
  24. At any General Meeting a declaration by the Chairman that a resolution has been carried or carried by a particular majority or lost or not carried by a particular majority shall be conclusive.
  25. The funds of the Club shall be kept by the Honorary Treasurer under the supervision of and in such place and manner as shall be determined by the Committee. The Committee shall have the power to expend the Club funds in such manner as the Members thereof think fit in accordance with these Rules and the objects of the Club. The Honorary Treasurer may pay any reasonable Club expenses without authority from or prior reference to the Committee. All cheques drawn from the Club's Bank Account shall be signed by the Honorary Secretary, the Honorary Treasurer or the Chairman.
  26. The Club accounts shall be made up to 31 December in each year. The Committee shall cause to be prepared and printed each year a Balance Sheet made up to 31 December in each year, which shall be submitted to the Club at the then next Annual General Meeting and a copy of the same shall be sent to every Member together with the notice convening such meeting.
  27. Club Car Badges may be sold to Members for use only on their own cars of the type specified in Rule 2. If the Committee deem proper and in very special circumstances, the Committee by unanimous resolution may authorise use of the Club Badge on a car, being the property of a Member, other than those specified in such Rule.
  28. No Member without the authority of the Committee shall make any statement to the Press as to the affairs of the Club or use the name or badge of the Club in any advertising matter. All communications to the Press and all publicity shall be strictly and exclusively in the hands of and under the control of the Committee.
  29. Any item printed with the Club's badge or its electronic equivalent is the Club's property and is issued only to the Honorary Secretary, Honorary Treasurer, Chairman, Member of the Committee and Officials of the Club for use on the Club's business and affairs. Such notepaper or other item with the Club's badge thereupon shall not be used by any Member for his own private, professional or business purposes.
  30. Every Member shall communicate from time to time to the Honorary Secretary his address and all notices required by these Rules to be sent or given to Members shall be deemed to have been duly sent or given if sent to such address.
  31. These Rules may be altered or new Rules may be made at the Annual General Meeting or at an Extraordinary General Meeting duly summoned for the purpose.
  32. In these Rules, unless the context otherwise requires, words which only import the masculine gender shall include the feminine gender and words which only import the singular number shall include the plural number and vice versa.

Note: Members are advised that Member details are held on computer.

## 20-Ghost Club Trophies

1. Alpine Trophy. One of two cut glass decanters originally given by the Archduke Leopold Salvator of Austria as one of the prizes in the Austrian Alpine Trials in 1913. It was won by C.C. Friese and subsequently presented to the Club by Rolls Royce Ltd. Awarded to the owner of the car which achieves maximum marks between 1 December and the following 30 November for mileage relative to age according to the formula below:-

a. The car must be in the possession of the same owner throughout the period in which mileage occurred, but need not be driven by him or her in toto.

b. The prize is for the car. Owners of more than one car may enter them separately, but may not aggregate mileage for the trophy.

c. One mark is awarded for each mile covered during the period, whether covered on business or pleasure, at home or abroad.

d. Mileage is multiplied by the age of the car on 31 December of the year in which each competition commences.

2. Woodmansee Trophy. A pair of book ends in solid brass, the very last of the original 'Silver Lady' mascots cast from the actual sculptor's moulds by Charles and Jo Sykes in 1939. Surplus to the final order, they were subsequently offered by Jo to Rolls-Royce in the early 1950s and accepted and paid for by them. In 1957, at the Concours d'Elegance organised by the 20-Ghost Club as part of the Silver Ghost Jubilee Rally at Buxton, these mascots were donated by Rolls-Royce as first prize, which was won by Webster Woodmansee of Milwaukee, USA, with his 1922 Springfield Silver Ghost Brewster Tourer (62UG) and in 1989 donated back to the Club on its fortieth anniversary. Awarded annually to the owner of the Silver Ghost which travels the greatest distance between 1 December and the following 30 November, or if a Silver Ghost wins the Alpine Trophy, then to the next highest Silver Ghost mileage.

3. Harding Rolls Trophy. Originally won by Hon Charles S. Rolls and presented to the Club by Lt Col J.C. Harding Rolls in 1962. Awarded to the member who in the opinion of the Committee has produced the most notable performance with an eligible Rolls Royce motor car.

4. Stanley Sears Trophy. Presented by Stanley Sears in 1962 when he was Club President. Awarded to the member who in the opinion of the Committee has contributed most by individual meritorious service to the Club.

5. Dymock Maunsell Trophy. Presented by Lt Cdr L.C. Dymock-Maunsell R.N. in 1962. Awarded to the best driver at the annual driving tests.

6. Fred & Joan Watson Trophy. Presented by Fred & Joan Watson in 1981. Awarded to the best large horsepower car (Silver Ghosts & Phantoms) at the Club Annual Concours. (Not awarded to the same car in two successive years).

7. Messervy Trophy. A Silver Salver presented in 1954 by Roney Messervy who in the early years built up a happy liaison between the Club and Rolls-Royce Ltd. He worked for virtually all his life with Rolls-Royce, ending as Service Manager at Hythe Road. Awarded to the best small horsepower car at the Club Annual Concours. (Not awarded to the same car in two successive years).

8. Fergusson-Wood Trophy. Presented by Harry Fergusson-Wood and is awarded to members under 35 years of age or members who have joined the Club within the previous four years, who in the opinion of the Executive Committee have taken part in, or been involved in, the most Club activities in the previous year.

9. F-W Photographic Trophy. Presented by Harry Fergusson-Wood in 1973 and awarded for the best photograph of a Club car or cars (preferably at a Club event), taken recently by a member and published in the Club magazine. Entries may be in colour or black and white on any medium.

10. Phoenix Trophy. Presented by Capt R.B. Honnywill R.N. and is awarded to the member who in the opinion of the Committee has carried out the most interesting and thorough reconstruction or restoration on an old chassis, or, if no eligible contenders, a member who has personally carried out a major engine rebuild or bodywork refurbishment on a previously restored car which has not been in recent use. This trophy is not awarded annually of necessity but only when there is a worthy recipient.

11. Ladies Trophy. Presented by Bess and Susan Taylor in 1989, this cut glass decanter is awarded annually for the car judged to be the most attractive in the opinion of all the ladies present at the Club Annual Concours.

12. The Small Horsepower Trophy. A Rolls-Royce mascot and piston presented to the Club by Clive Carter in 1997. The trophy was given to Clive's father by Geoff Blowers, for many years head of the service department of Weybridge Automobiles, who had many friends at the Rolls-Royce service depot in Hythe Road. Awarded annually to the owner of the small horsepower car which travels the greatest distance between 1 December and the following 30 November, or, if a small horsepower car wins the Alpine Trophy, then to the car covering the next greatest distance.

13. The Harry Watson Trophy. Presented by Patricia Watson in 2000, in memory of her husband the late Harry Watson MBE. Awarded for Engineering Accomplishment to the member who in the opinion of the Committee made an outstanding engineering or technical contribution in the year. This trophy is not awarded annually but only when there is a worthy recipient.

14. The Brian Wootton Aviator Mascot. Presented by Jo Wootton in 2003 in memory of her husband the late Brian Wootton who was renowned for his care for other members. Awarded to the person who, in the judgement of the Committee, offered the most assistance to other members on tours in the year.
